Overview

Whether traveling with your family or a group of friends or on a vacation or honeymoon, we will help bring your dream of a Galapagos cruise to life.

This beautiful ship was designed with families and small groups in mind. With two large suites and eight cabins, some of which are interconnected, all with panoramic windows and private balconies. With spacious social areas, such as an al fresco dining area, barbecue area, and living room, guests will be comfortable during their entire journey.

Islands you will visit:

- Santa Cruz Island
- Floreana Island
- Española Island
- San Cristobal Island

Your Itinerary

DAY 1

BALTRA ISLAND AIRPORT: ARRIVAL AND TRANSFER TO THE BOAT

AM Baltra Island Airport: Arrival and Transfer to the boat

PM Santa Cruz Island: El Chato

El Chato Tortoise Reserve

The El Chato reserve is divided into two areas: Caseta and Chato. The trail begins at Santa Rosa (13.7 miles / 22 km) from Puerto Ayora, with the Caseta route being the more challenging. The reserve allows visitors to observe giant tortoises in the wild during the dry season and is also a good place to spot short-eared owls, Darwin's finches, yellow warblers, Galapagos rails and paint-billed crakes.

Highlights: Giant tortoises, finches, Galapagos rails

Possible Activities: Walking, bird watching

Type of Landing: Dry landing

Difficulty: Easy / medium

DRAGON HILL & BACHAS BEACH

AM Santa Cruz Island: Dragon Hill

PM Santa Cruz Island: Bachas Beach

Dragon Hill (Cerro Dragón)

Situated on Santa Cruz Island, Dragon Hill is one of the newest visitor sites accessible to tourists in the Galapagos Islands. One of the lengthier Galapagos walking trails will lead visitors along a beach and up a trail to the lagoon lookout where bright flamingos, pintail ducks, and land iguanas can be spotted.

Highlights: Land iguana nesting spot, Galapagos flamingos, common stilts, palo santo trees and cacti forest

Possible Activities: Walking and hiking

Type of Landing: Dry landing

Difficulty: Easy to moderate: the trail may get muddy at times, and there is uneven rocky terrain.

Bachas Beach

Located on the north shore of Santa Cruz, Las Bachas is a swimming beach. One of the few remnants of the U.S. World War II presence in the Galapagos, a floating pier, can be seen here. You may see flamingos, Sally Lightfoot crabs, hermit crabs, black necked stilts, and whimbrels. Sea turtles also nest off the beach.

Highlights: World War II remnants

Animals: Sally Lightfoot crabs, hermit crabs, black necked stilts, whimbrels, sea turtles

Type of Landing: Wet

Difficulty: Easy

POST OFFICE BAY & CORMORANT POINT OR DEVIL'S CROWN

AM Floreana Island: Post Office Bay

PM Floreana Island: Cormorant Point or Devil's Crown

Post Office Bay

In the 18th century whalers passing through the islands placed a wooden barrel on Floreana Island for use as an unofficial mail box. The tradition continues today as visitors leave addressed postcards in the barrel and sort through left mail to deliver at home.

Highlights: Post office barrel, nice sandy beach

Possible Activities: Short hike (less than 0.6 miles/1 km) & snorkeling

Type of Landing: Wet landing

Difficulty: Easy

Cormorant Point

This site hosts a large flamingo lagoon where other birds such as common stilts and white-cheeked pintails can also be seen. The beaches on this island are distinct: The "Green Beach" named so due to its green color, which comes from a high percentage of olivine crystals in the sand, and the "Four Sand Beach" composed of white coral.

Highlights: Flamingos, green-colored beach

Possible Activities: Dinghy ride & hike (1.2 miles /2 km)

Type of Landing: Wet landing

Difficulty: Easy

SUAREZ POINT & GARDNER BAY

AM Española Island: Suarez Point

PM Española Island: Gardner Bay

Suarez Point

This area is great for spotting blue-footed boobies, albatrosses and Nazca boobies. A beautiful site on the ocean front, the large waved albatrosses use the cliff as a launching pad. The famous attraction is the magnificent blowhole, spurting water high into the air. This site presents wonderful photograph opportunities.

Highlights: Hood mockingbirds, Nazca boobies, waved albatrosses, red-billed tropicbirds, lava lizards, Galapagos hawks, blue-footed boobies, blowhole, amazing landscape

Possible Activities: Hike (1.9 miles/3 km)

Type of Landing: Dry landing

Difficulty: Difficult

Gardner Bay

Gardner Bay, on the eastern side of the island, is the breeding site of nearly all of the world's 12,000 pairs of waved albatrosses. It has an ample white sandy beach with a myriad of sea lions, perfect for relaxing. Its rocky shores make this site a great place for diving and snorkeling.

Highlights: White sandy beach, sea lions, mockingbirds; snorkeling: colorful fish, sea lion nursery

Possible Activities: Snorkeling, dinghy ride, kayaking, short hike of (0.6 miles/1 km)

Type of Landing: Wet landing

Difficulty: Easy

SAN CRISTOBAL ISLAND: GIANNI ARISMENDY INTERPRETATION CENTER

AM San Cristobal Island: Gianni Arismendy Interpretation Center
Transfer to the San Cristobal Airport

Gianni Arismendy Interpretation Center

The Gianni Arismendy Interpretation Center was opened in 1998 as a phase of the project "Interpretation and Environment Education Project." Visitors enjoy expositions on natural history, human history, and conservation. The conservation efforts represent the movement to protect the wildlife and natural environment through means of population and tourist control. The Gianni Arismendy Interpretation Center has an outdoor stadium, audio-visual equipment, and meeting rooms.

Possible Activities: Short walk

Difficulty: Easy

Type of Landing: Dry

Highlights: Information and history about the Galapagos Islands.

Terms & Conditions

Payment Policy:

- At the time of booking a deposit of 20% of the total tour price
- The remaining balance is due a minimum of 65 calendar days prior to departure date

To issue final confirmation Palace tours requires 60 days prior to departure (or at time of reservation for last minute bookings) the following information for all passengers:

- Complete passenger names
- Passport copy
- Nationality
- Date of birth
- Marital Status
- Dietary or medical restrictions

Failure to provide the above information on time may result in delays and possibly passengers missing the tour completely. Palace tours will not accept responsibility or provide refunds if the above information is not provided in its entirety and on time.

Cancellation Policy

All cancellations must be done in writing. If a cancellation is received more than 125 days prior to tour departure date a cancellation fee of 10% of the total price will be retained as cancellation fee.

If a cancellation is received between 125 days and 65 days prior to tour departure date, 20% of the total price will be forfeited.

In the case of a cancellation received less than 65 days prior to the boat departure the full amount will be retained.

*Christmas & New Year: special conditions apply. Please contact us for details.

Frequently Asked Questions

When is the best time to visit Galapagos?

Galapagos is a place that can be visited at any time. There are two seasons, and the warmest is between December and May. It is the time of year when the sky is always clear, and the sun shines strongly. If you love to dive in amazing places, the best time to visit Galapagos is from June to November. During this season the weather is a little cooler, but it gives you the chance to enjoy the best from Galapagos' famous marine reserve.

What should we bring?

Since the islands are situated very near the Equator, we recommend that you bring lightweight clothing and of course, don't forget your swimsuits, sun lotion, and good footwear.

How long is the flight from Ecuador to the Galapagos?

It depends from where you depart. Flights to the Galapagos leave from Quito and Guayaquil. It takes about half an hour to get from Quito to Guayaquil and roughly one and a half hours from Guayaquil to the islands.

Are there any immunizations required/recommended?

For the Galapagos Islands there are no required or recommended immunizations. If you, however, intend to spend more time in Ecuador, especially in the jungle, immunization is highly recommended. As this changes from time to time please check with your local health office (or the Institute for Tropical Diseases) a few weeks in advance of your trip.

Are single or triple suites available?

Most of our cruises will assign double cabins to all passengers unless you want to pay the single supplement if traveling alone. Triple cabins can also be arranged on request, depending on availability and the vessel you choose.

What is the time zone of the Galapagos Islands?

The Galapagos Islands are 6 hours behind GMT (equivalent to USA Central Standard Time)

Does the equatorial line cross the Galapagos Islands?

The equatorial line does pass through the Galapagos, just north of Isla Santiago. Please refer to our Itinerary page to see which itinerary passes through the equatorial line.

What are marine currents like the Galapagos?

The Galapagos Islands waters have the Humboldt Current's influence that brings cold waters especially during the mist rainy season (cool weather) from July to December. The warm season is during the months of January to June. The southeast trade winds become weaker and the water from the Panama Basin remains warm. During this season there is more of a tropical climate with some occasional rains. "El Niño" current may cause a much greater flow of warm waters, making the surface warmer and rainfall increase.

What is the water temperature in the Islands?

Average water temperatures in Galapagos:

January - June: 70°F - 80°F (20°C - 26°C)

July - December: 65°F - 75°F (18°C - 23°C)

Can you snorkel in the Galapagos?

Snorkeling equipment is available on-board and is an activity on all of our Galapagos Cruises. All water sports convey a certain risk. Passengers participating in these activities do so under their own responsibility.

Special Diets:

Passengers with special dietary needs are asked to request the latest menu offered and in such cases that stated menu does not meet their needs to clearly convey their specific dietary needs. It is the responsibility of passengers with specific dietary needs to address additional requirements at least 30 days prior to the start of the cruise. Those general and specific needs not clearly conveyed cannot be met. Every reasonable effort will be made to cater to such requests within reason, subject to availability of products in Ecuador retains the right to refuse to cater such special needs.

Which islands does the Infinity yacht Route C visit and in what order?

Route C is a 5-day, 4-night cruise from Friday to Tuesday. Day 1 visits El Chato Tortoise Reserve on Santa Cruz, day 2 Dragon Hill and Bachas Beach on Santa Cruz, day 3 Post Office Bay and Cormorant Point or Devil's Crown on Floreana, day 4 Suarez Point and Gardner Bay on Espanola, and day 5 the Gianni Arismendi Interpretation Center on San Cristobal.

Which Galapagos airports do I use for Infinity Route C?

You fly into Baltra Island Airport on Friday and transfer to the yacht, and on Tuesday you are transferred to San Cristobal Airport for your flight out. Mainland to Galapagos flights are not included, while one hotel night in Quito or Guayaquil the day before and one airport transfer are included, with restrictions.

What cabins does the Infinity yacht offer and how much does Route C cost?

The Infinity has two large Suites and eight Staterooms, some interconnecting, all with panoramic windows and private balconies. Fares start from USD 5,845 per person sharing, and the exact fare for each departure is shown on this page.

Will I see giant tortoises in the wild on Infinity Route C?

Yes, day 1 visits El Chato Tortoise Reserve in the Santa Cruz highlands, where giant tortoises can be observed in the wild, particularly in the dry season. It is also a good place for short-eared owls, Darwin's finches and Galapagos rails, and the visit is accompanied with a guided tour.

How physically demanding is Infinity Route C?

Most visits are easy or easy to moderate, such as Post Office Bay and Dragon Hill, where the trail can be muddy. The most demanding walk is Suarez Point on Espanola, a 3 km hike rated difficult with a dry landing, rewarded by waved albatrosses, Nazca boobies and a famous blowhole.

What is included and not included on Infinity Route C?

Included are all meals, all island transfers, all excursions with a bilingual national park guide, airport assistance, one hotel night before the cruise and one airport transfer (restrictions apply). Not included are mainland to Galapagos flights, the USD 100 national park fee, the USD 20 Transit Control Card, bar drinks, insurance, tips and personal expenses.

What deposit is required for Infinity Route C and are there child fares?

A 20% deposit confirms your cabin and the balance is due 65 days before departure. Child fares apply by age at departure in two bands: from 0 to under 5, and from 5 to under 12, and the yacht's interconnecting cabins suit families.

Which Infinity Route C departures are on sale?

There are 42 Friday departures on sale, from 9 October 2026 to 17 December 2027. The departure list on this page shows availability and the exact fare for each date.

How do I ask a question or book the Infinity Galapagos Luxury Yacht Route C?

Email travel@palacetours.com, call 786-408-0610, or message us on WhatsApp at <https://wa.me/17864080610>, answered by a travel specialist or our AI assistant. The departure list on this page is bookable directly, with the exact fare shown for each date.
