What facilities are available on the train?

The four lounge carriages of El Transcantábrico are the most unusual and beautiful places on the train. They are veritable rail treasures that are much admired owing to their exquisite design, their finish and the interior decorations. The "pub carriage" has a bar and dance floor and is decorated and lit like a small night-club, where lively entertainment is provided every night until the early hours of the morning. Another lounge carriage also has a bar where you can sit back and have a quiet drink. The other two lounges are for other types of entertainment, such as reading, enjoying a board game with your fellow passengers, talking or watching the passing scenery through the big picture windows. And wherever you are, you will always be served by our attentive waiters.

Passengers are offered daily newspapers, magazines, a thoughtful collection of books from the library, television and videos; all that you need to make your journey a pleasure.
