Eminence Galapagos Luxury Cruise - 7 Nights, Itinerary B (Saturday to Saturday)

7 Nights • Luxury Experience

www.palacetours.com travel@palacetours.com 786-408-0610

Overview

This 7-night Itinerary B sails Saturday to Saturday aboard the M/C Eminence. Fares start at US$12,990 per person in a double cabin, with departures listed below through 2027. The pick for guests who want the newest hardware in the islands: elevator, spa, gym and the only private-jacuzzi suites in the fleet.

The M/C Eminence is the newest and largest catamaran in this fleet, taking its first guests in April 2027. It carries 16 guests in nine suites: five Golden Suites with enlarged private balconies, two Panorama Suites with their own lounge, terrace and personal jacuzzi, and two Lofts on the upper level. A panoramic elevator links the main deck to the sky deck, which is rare on a yacht of this size and makes the boat a sensible choice for guests with limited mobility.

Four decks give plenty of room to spread out: suites and a briefing lounge on the main deck, the Panorama Suites and a spa on the upper deck, an al-fresco bar, dining area and outdoor jacuzzi on the sky deck, and a gym with an infrared sauna on the top moon deck. Solar panels, water-reuse systems and full wastewater treatment are built in, and the vessel is committed to certified carbon neutrality within its first year.

Excursions are led by licensed Galapagos National Park naturalist guides in groups of no more than eight. Snorkelling equipment, wetsuits, kayaks and paddle boards are included.

COMMON QUESTIONS

Frequently Asked Questions

When is the best time to visit Galapagos?

> Galapagos is a place that can be visited at any time. There are two season, and the warmest is between December and May. It is the time of year when the sky is always clear, and the sun shines strongly. If you love to dive in amazing places, the best time to visit Galapagos is from June to November. During this season the weather is a little cooler, but it gives you the chance to enjoy the best from Galapagos' famous marine reserve.

What should we bring?

> Since the islands are situated very near the Equator, we recommend that you bring lightweight clothing and of course, don't forget your swimsuits, sun lotion, and good footwear.

How long is the flight from Ecuador to the Galapagos?

> It depends from where you depart. Flights to the Galapagos leave from Quito and Guayaquil. It takes about half an hour to get from Quito to Guayaquil and roughly one and a half hours from Guayaquil to the islands.

Are there any immunizations required/recommended?

> For the Galapagos Islands there are no required or recommended immunizations. If you, however, intend to spend more time in Ecuador, especially in the jungle, immunization is highly recommended. As this changes from time to time please check with your local health office (or the Institute for Tropical Diseases) a few weeks in advance of your trip.

Are single or triple suites available?

> Most of our cruises will assign double cabins to all passengers unless you want to pay the single supplement if traveling alone. Triple cabins can also be arranged on request, depending on availability and the vessel you choose.

What is the time zone of the Galapagos Islands?

> The Galapagos Islands are 6 hours behind GMT (equivalent to USA Central Standard Time)

Does the equatorial line cross the Galapagos Islands?

> The equatorial line does pass through the Galapagos, just north of Isla Santiago. Please refer to our Itinerary page to see which itinerary passes through the equatorial line.

What are marine currents like the Galapagos?

> The Galapagos Islands waters have the Humboldt Current's influence that brings cold waters especially during the mist rainy season (cool weather) from July to December. The warm season is during the months of January to June. The southeast trade winds become weaker and the water from the Panama Basin remains warm. During this season there is more of a tropical climate with some occasional rains. "El Niño" current may cause a much greater flow of warm waters, making the surface warmer and rainfall increase.

What is the water temperature in the Islands?

> Average water temperatures in Galapagos:
> January - June: 70°F - 80°F (20°C - 26°C)
> July - December: 65°F - 75°F (18°C- 23°C)

Can you snorkel in the Galapagos?

> Snorkeling equipment is available on-board and is an activity on all of our Galapagos Cruises. All water sports convey a certain risk. Passengers participating in these activities do so under their own responsibility.
> *Restrictions and fees might apply, please contact us for more information.

Special Diets:

> Passengers with special dietary needs are asked to request the latest menu offered and in such cases that stated menu does not meet their needs to clearly convey their specific dietary needs. It is the responsibility of passengers with specific dietary needs to addressed additional requirements at least 30 days prior to the start of the cruise. Those general and specific needs not clearly conveyed cannot be met. Every reasonable effort will be made to cater to such requests within reason, subject to availability of products in Ecuador retains the right to refuse to cater such special needs.

Which islands does the Eminence Itinerary B visit?

> The 7-night Itinerary B visits, sailing Saturday to Saturday. See the day-by-day tab for the landing sites and activities on each day.

What is included in the M/C Eminence fare?

> Accommodation in your suite, all meals and snacks on board, soft drinks, guided excursions with licensed National Park naturalists, snorkelling equipment and wetsuits, kayaks and paddle boards, Galapagos airport transfers and a welcome and farewell cocktail. Flights to the islands, the Galapagos National Park fee and transit card, alcoholic drinks and gratuities are extra.

Are the Eminence rates shown the current published rates?

> Yes. The dates and per-person double-occupancy fares on this page are refreshed from the vessel's live inventory. Seasonal promotions on individual departures are applied when you enquire, so ask us for the best current fare on your preferred date.

What is the difference between the Golden Suites, Panorama Suites and Lofts on the Eminence?

> The Eminence carries 16 guests in nine suites. The five Golden Suites on the main deck have enlarged private balconies, the two Panorama Suites on the upper deck have their own lounge, terrace and personal jacuzzi, and the two Lofts sit on the upper level. The fare for each category is shown against every departure on this page.

Is the M/C Eminence suitable for guests with limited mobility?

> It is one of the better choices in the islands, because a panoramic elevator links the main deck to the sky deck, which is rare on a yacht of this size. Landings themselves are made by small boat, so tell us about any mobility needs and we will check what is practical for each visitor site.

How large are the excursion groups on the Eminence Itinerary B cruise?

> Excursions are led by licensed Galapagos National Park naturalist guides, bilingual in English and Spanish, in groups of no more than eight guests. A daily briefing explains the next day's landings, and snorkelling equipment, wetsuits, kayaks and paddle boards are included.

What extra costs should I budget for on the Eminence 7-night cruise?

> The fare excludes the flight to and from the Galapagos, the Galapagos National Park entrance fee (listed at USD 100, subject to change), the Transit Control Card (USD 20, subject to change), gratuities for guides and crew, travel and health insurance, and beverages beyond soft drinks and juices. Airport-to-yacht transfers in the Galapagos are included.

What deposit is needed to book the Eminence Itinerary B cruise, and when is the balance due?

> A deposit of 20% secures your suite and the balance is due 65 days before departure. Cruises sail Saturday to Saturday, with 30 departures on sale from 24 April 2027 to 18 December 2027; children are priced by age at departure in two bands, 0-5 and 5-12.
