Overview

Few rail journeys capture the scale of Australia like The Ghan Expedition. Over four days and three nights the train runs south from tropical Darwin to Adelaide, crossing the heart of the continent and pausing at Katherine, Alice Springs, Manguri and Coober Pedy so you can step off and see the outback up close.

Each stop brings a choice of guided excursions, all part of your fare: cruise between the sandstone walls of Nitmiluk Gorge with Jawoyn guides, explore the MacDonnell Ranges or the story of outback life in Alice Springs, and head below ground in the opal town of Coober Pedy. The highlight for many travellers is an evening at the historic Telegraph Station in Alice Springs, where dinner is served outdoors under a sky full of desert stars.

On board, meals are prepared by the train's chefs from regional produce and paired with Australian wines, and drinks are included throughout. Choose from twin and single cabins with a lounge car for company, or step up to the more spacious premium cabins and suites for extra comfort as the red earth gives way to the green fields and ranges of South Australia.

DAY BY DAY

Your Itinerary

DAY 1

DARWIN

Your journey begins in Darwin with a welcome reception before you board. Settle into your cabin or the lounge car as the train heads south through the Top End, with lunch served on board. In the afternoon the train reaches Katherine, where you choose one of the included excursions: a cruise through the sandstone gorges of Nitmiluk National Park with Jawoyn guides, a demonstration of horse training and working dogs at the Katherine Outback Experience, or (in season) a descent into the limestone chambers of Cutta Cutta Caves. For an aerial view of the gorge system, a helicopter flight is available as an upgrade. Back on board, dinner is served as the train continues south overnight.

DAY 2

ALICE SPRINGS

Wake to the red landscapes of the Northern Territory and enjoy breakfast on board before a full day in Alice Springs. Included excursions let you learn about outback life at the School of the Air, the Royal Flying Doctor Service and a reptile centre, walk through desert habitats at the Alice Springs Desert Park, or join an Arrernte guide at Simpsons Gap and Standley Chasm in the West MacDonnell Ranges. Wednesday departures also offer a heritage tour of the old Ghan railway museum. Upgrades include an e-bike ride along the old railway line and flights to Uluru and Kata Tjuta. At dusk, gather at the historic Telegraph Station for a candlelit outdoor dinner under the desert sky before the train departs late in the evening.

DAY 3

COOBER PEDY

The train stops at the remote outpost of Manguri in South Australia, where the vast open plains make a striking setting for sunrise. From here the day is spent in Coober Pedy, the famous opal-mining town where many residents live underground. Depending on your choice, visit the underground Serbian Orthodox church, see original dugout homes and opal displays at a mine museum, try your hand at opal mining, and walk among the flat-topped mesas of the Breakaways. Lunch is served below ground. A scenic flight over the Painted Hills and Lake Eyre is available as an upgrade. Return to the train for your final dinner and a nightcap in the lounge.

DAY 4

ADELAIDE

Overnight the ochre desert gives way to the farmland of South Australia. Enjoy an unhurried brunch as the train passes the Flinders Ranges, then arrive in Adelaide in the morning, where your journey ends.

COMMON QUESTIONS

Frequently Asked Questions

How long is The Ghan Central Explorer?

> It is a three-day, two-night journey. The train leaves Adelaide Parklands Terminal at 15.00 on day 1 and your journey ends in Alice Springs on day 3, after the morning stop at Marla and a guided afternoon experience in Alice Springs.

Where does the train stop between Adelaide and Alice Springs?

> The train stops at Long Plains for the Clare Valley dinner on day 1, Port Augusta for the full-day Flinders Ranges experience on day 2, and Marla for a desert sunrise on day 3 before arriving in Alice Springs. Each stop has an included guided experience off the train.

How does the Central Explorer relate to the full Ghan?

> It is the first half of The Ghan from Adelaide to Darwin, on the same train with the same cabins and service. The second half, from Alice Springs to Darwin, is sold as The Ghan Territory North Explorer.

Can I stop over in the Red Centre and continue to Darwin later?

> Yes. A popular plan is the Central Explorer to Alice Springs, a few nights at Uluru and in the Red Centre, then The Ghan Territory North Explorer from Alice Springs to Darwin. Northbound trains leave Alice Springs on Mondays (March to November) and Thursdays (April to October), and we can arrange your hotels, flights to Uluru and Red Centre touring between the two trains.

What is included in the fare?

> Two nights in your chosen cabin, all meals on board, Australian wines, beers, base spirits and soft drinks, the Clare Valley dinner, the Flinders Ranges day with lunch, the Marla sunrise stop and a choice of guided experiences in Alice Springs. Gold Premium and Platinum include premium drinks.

What is not included?

> Flights to Adelaide and from Alice Springs, hotel nights before or after the journey (we can arrange them), station transfers in Adelaide for Gold and Gold Premium guests, the optional Mt Gillen helicopter flight, travel insurance and personal expenses.

Which cabins are available on this journey?

> Gold Single, Gold Twin, Gold Premium Twin and Platinum Twin cabins. Gold Single cabins share shower and toilet facilities at the end of the carriage; the other cabins have their own en suite. The Aurora and Australis Suites are sold only on the full four-day Ghan from Adelaide to Darwin. Gold Suite, Gold Premium Suite and Platinum Double cabins are also sold; details are confirmed at booking.

What can I do in Alice Springs?

> You choose one included afternoon experience: a town tour with the School of the Air and the Reptile Centre, the Alice Springs Desert Park, a guided walk at Simpsons Gap or Standley Chasm with an Arrernte guide, or a mountain-bike ride on the Ilentye Trail. A helicopter flight over Mt Gillen can be booked instead at extra cost.

What is the difference between Advance Purchase, Saver, Everyday and Flexible fares?

> There are four fare types. **Advance Purchase** is the early-bird fare and the lowest price, but it must be booked and paid in full at least 6 months before departure, and it closes automatically once that deadline has passed. It is the least flexible fare: a full refund is available only for cancellations made within 14 days of the booking confirmation, and date changes are permitted up to 90 days before departure for a fee of AUD 250 per guest. **Saver** is a discounted fare with limited availability that sits between Advance Purchase and Everyday; its conditions are confirmed at booking. **Everyday** fares need a deposit at booking (AUD 1,000 per guest in Gold and Gold Premium, AUD 1,500 in Platinum), with the balance due 45 days before departure. **Flexible** fares are paid in full at booking, are fully refundable for cancellations at least 24 hours before departure and allow free date changes.
> Not every fare type is offered in every cabin or on every date - for example, Advance Purchase is not sold in Platinum. We confirm the exact conditions of your fare in writing before you book.

How much luggage can I bring?

> The checked luggage allowance is 60 kg per guest in Gold, 75 kg in Gold Premium and 90 kg in Platinum. Keep a small overnight bag with you in the cabin, as space is limited, particularly in the Gold cabins.

When does the Central Explorer run in 2027?
